Dear Friends of Evangelical Catholic,

If you are considering having a speaker for your Diocesan Clergy Days, we recently invited Evangelical Catholic to speak to our priest in the Diocese of Peoria.

Peter Andrastek came and spoke to us, and he has a fantastic ability to help integrate theology, philosophy and human formation in a way that priests are able to receive and reflect upon. He recently spoke at our Priest Spring Assembly Day in the Diocese of Peoria, and he was able to engage the priests with a strong theological approach while also giving priests an opportunity to take to prayer the importance of their divine filiation and personal call to discipleship. Many priests came up to me and shared that they were very grateful for his efforts to help give a deeply theological and practical way to evaluate our personal calls to sonship and discipleship. Personally, I have continued using the information he gave to us in my own holy hours and confessions. I know many of my brother priests have as well. Thank you Peter and Evangelical Catholic for your work!

In Christ,

Fr. Adam Cesarek
Committee Head For Ongoing Priestly Formation in the Diocese of Peoria
